

High Fashions.—The commerce of Charleston has a great deal to contend with on account of the exorbitant charges of her Railroad. The high tariff on the South Carolina Railroad, from Kingsville to Camden, has driven several of our merchants to Northern markets for their supplies. Freight of the value of eight hundred dollars and more, was shipped from Charleston to Florence over the Northeastern Railroad upon which the charges were \$27; the distance is one hundred and two miles; it is stated that the same freight from Florence to Timmonsville, a distance of twelve miles, over the Wilmington, Columbia and Augusta Railroad, was charged \$51!

Some persons are discussing the probable nationality of a very tall and slim foreign lady who puts on unusual airs. "I think she is a Russian," said one. "A Russian, I think," ventured another. "I think," said a wag, "she looks more like a Pole."

St Augustine is urged to devote her energies to mule and donkey raising.
